manager, a deputy stage manager and an assistant stage  
manager) acts as the lynchpin between the artistic process  
developing in the rehearsal room and the people physically  
building, sewing, assembling and making the production outside  
of that rehearsal room. Stage management are there to prevent  
ANYTHING from adversely affecting the production.

## Backstage Guides | Series | Backstage

A stage manager strives to get the production team anything they need so they can keep working. In addition, a stage manager must have a ironclad sense of time. A stage manager must be strict in order to give the actors a break and keep the team on schedule, but simultaneously flexible, realizing that some things just need more time.
