This module provides regular expression matching operations similar to those found in Perl. Both patterns and strings to be searched can be Unicode strings (str) as well as 8-bit strings (bytes). However, Unicode strings and 8-bit strings cannot be mixed: that is, you cannot match a Unicode string with a byte pattern or vice-versa; similarly, when asking for a substitution, the replacement ...

Guldo (ゴルド, Gurudo, lit. "Gurd") is the smallest and least physically powerful member of the Ginyu Force. Guldo possesses some psychic abilities, including being able to stop time for as long as he can hold his breath; this seems to be one of the primary reasons he has attained membership to the Ginyu Force. In battle, Guldo is cowardly, and desperate, resorting to different tactics to ...

What is a Franchise? A franchise is a licence granted by a party (franchisor) which owns the brand to an individual or a corporate (franchisee) to have access to their business proprietary knowledge, process, trademarks, and to sell products or provide services under their name within a territory or a region. A franchisee gets a licence to access the following -

*Siomai King Food Cart Franchise Details ~ iFranchise.ph*  
The hamburger is commonly abbreviated "burger" but is named after the German city of Hamburg. Both names do not derive of Ham nor is it an ingredient. Hamburgers first appeared in the 19th or early 20th century. The modern hamburger was a product of the culinary needs of a society rapidly changing due to industrialization, the emergence of the working class and middle class and the demand ...

Louis' Lunch is a hamburger restaurant in New Haven, Connecticut which claims to be the first restaurant to serve hamburgers and the oldest hamburger restaurant in the U.S. It was opened as a small lunch wagon in 1895 and was one of the first places in the U.S. to serve steak sandwiches. According to Louis' Lunch, the hamburger was created in 1900 in response to a customer's hurried request ...
