### COMPLETE FOCUSING INSTRUCTIONS

"Focusing" is a process for helping your mind listen to the wisdom of your body. In any situation, your body is sending you information. Many of us don't know how to open our minds to this information because it doesn't follow the same logic as our cognitive mind. We have deeper wells of knowledge within us than we consciously know.

---

### Focusing Eugene T Gendlin

Eugene Gendlin is the man who "developed" the method that's called "focusing," so by reading this book, you're getting the original developer's approach, and it's \*great\* stuff! Having said that, it also takes practice and personal exploration to learn more about yourself and how you work inside.

Quotations from the book Focusing (1978): What is true is already so. Owning up to it doesn't make it worse. Not being open about it doesn't make it go away. And because it's true, it is what is there to be interacted with. Anything untrue isn't there to be lived. People can stand what is true, for they are already enduring it.
