George Stephenson :  
biography 9 June 1781  
- 12 August 1848 On  
29 March 1820, George  
(now considerably  
wealthier) married  
Betty Hindmarsh at  
Newburn. The marriage  
seems to have been  
happy, but there were  
no children and Betty  
died in 1845. On 11  
January 1848, at St  
John's Church in  
Shrewsbury,  
Shropshire, George  
married for [...]

George Stephenson  
Biography. George  
Stephenson (9 June  
1781 - 12 August  
1848) was a self-made  
mechanical engineer,  
largely credited with  
building the first  
railway line and  
becoming the 'father of  
the railways'. His rail  
gauge of 4 ft 8.5 inches  
became the global  
standard gauge. He

George Stephenson :  
biography 9 June 1781

- 12 August 1848 The  
rails used for the line  
were wrought-iron,  
produced by John  
Birkinshaw at the  
Bedlington Ironworks.  
Wrought-iron rails  
could be produced in  
longer lengths than  
cast-iron and were less  
liable to crack under  
the weight of heavy  
locomotives. William  
Losh of Walker  
Ironworks thought [...]
