By Susan Brittain, Karen Manthey . The half double crochet (abbreviated hdc) is kind of an oddball stitch. The half double crochet falls in between a single crochet and a double crochet in height, but instead of working off two loops at a time, you draw the yarn through three loops on the hook. It produces a fairly tight fabric similar to one made with a single crochet stitch:

Double exposure images are popular at the moment. Taylor Swift's Style music video and the True Detective opening theme both used the effect. It's a technique where two separate photos—typically a portrait and a landscape—are blended together into one unusual image. Originally photographers took two photos ("exposures") on the same piece of film to combine them, but now it's ...
