The way I solved it was to zip up the whole folder and transfer it at once, which reduces the size slightly but I think the major gain is that there must be some overhead in opening and closing a transfer connection in the Synology software. Once, the transfer was finished I extracted the ZIP file on the drive. It's not ideal but gets the job ...

Re: Yoga 910 - Blinking
charging led light

2017-06-22, 17:07 PM

Perhaps I should have clarified that the light is blinking and so is the charging symbol in the screen - it goes on and off every second and the laptop is not getting any electricity to charge, so the battery level drops, even if if plugged in.

*Hard disk drive failure -
Wikipedia*

Most flash drives ship preformatted with the FAT32, or exFAT file systems. The ubiquity of the FAT32 file system allows the drive to be accessed on virtually any host device with USB support. Also, standard FAT maintenance utilities (e.g., ScanDisk) can be used to repair or retrieve corrupted
