Marine Engineering The maritime industry is a rapidly changing one and marine engineering is an integral part of it. Marine engineers working in the industry have to keep themselves abreast with the latest developments and regulations. Needless to say, in a field like marine engineering, the process of updating oneself is a continuous one and there [...]

Basics of Marine Engineering

172 Junior Marine Engineer jobs available on Indeed.com. Apply to Junior Engineer, Marine Oiler, Junior Analyst and more!

Junior Engineer Jobs - MaritimeJobs

The training of a marine junior engineer begins with familiarization of the different components along with their supporting systems. This entails clambering over the engine, torch and notebook in hand, and includes lifting the engine room plates and crawling about in the bilges; the only way to get to know the pipework involved in the many systems.
