The Mission Statement.  
The vision statement  
and mission statement  
are often confused,  
and many companies  
use the terms  
interchangeably.  
However, they each  
have a different  
purpose. The vision  
statement describes

## Access PDF

### Mission Control

where the organization wants to be in the future; the mission statement describes what the organization needs to do now to achieve the vision. The vision and mission statements must support each other, but the mission statement is more specific.

Management  
Unity of Direction. This  
management principle  
of the 14 principles of  
management is all  
about focus and unity.  
All employees deliver  
the same activities that  
can be linked to the  
same objectives. All  
activities must be  
carried out by one  
group that forms a  
team. These activities  
must be described in a  
plan of action.
