Although it's called 'On Directing Film', it is possibly of more use to writers in terms of what is necessary in a piece of screen storytelling and what is redundant dead wood. Mamet's ideas on 'backstory' and exposition - unnecessary - for instance, are radical, but his funny examples of how 'explaining' kills narrative drive are worth considering.

According to David Mamet, a film director must, above all things, think visually. Most of this instructive and funny book is written in dialogue form and based on film classes Mamet taught at Columbia University. He encourages his students to tell their stories not with words, but through the juxtaposition of uninflected images. The best films, Mamet argues, are composed of simple shots.
