How to Remove Ford Dash Panels | It Still Runs I have a 2017 Forest River Forester and need to replace the radio. It is on a E450 and the way I see it I need to remove the plastic dash trim that extends from the radio position and around the instrument cluster. I have it popped lose but I am having trouble getting it out of the cluster well as it contacts the column shift lever.

Ford E450 Super Duty Stereo Installation Kit—Best Stereo— I would think you could remove the radio by going to walmart and buying a ford radio removal tool. It should slide in the two holes to the left and right of the radio, and release it so you can just slide it out. As I recall that tool is located with the radios and only costs a few dollars.
