1. Eat more greens. There isn't a consensus on the best diet, but pretty much everyone agrees on one thing: eat more veggies. You'll be hard-pressed to find a single diet that doesn't think eating more plants is a good idea. 2. Eat a variety of foods. As we covered earlier, the brain craves novelty. While you may not be able to replicate the crunchy/creamy contrast of an Oreo, you can vary your diet enough to keep things interesting.
