The Handbook of Logistics Contracts: A Practical Guide to ...
The Logistics Outsourcing Handbook provides step by step guidance on the process of logistics outsourcing and explains how to apply this information for commercial success. Vital advice is given on benchmarking existing operations, how to shortlist companies, produce a request for a proposal, choose the optimum supplier and implement and manage the contract.

The Handbook Of Logistics Contracts

The book has the very great merit of filling a vacuum, anybody dealing with logistics and distribution is faced with logistics service contracts. It is a worthwhile attempt at organising that body of knowledge from a legal perspective giving guidance and models in English, the language of international contracts.
