The Warwick Christmas Lectures - Warwick Arts Centre

Warwick Chemistry Polymer Chemistry lecture . 15 Mar. Dr Diana Catalina Lozano . Dr Luís Perdigão. The Warwick Chemistry Research Fellows Lecture 'Pushing the analytical limits: Combining mass spectral stitching and variable transient length to enhance the performance of Fourier transform ion cyclotron resonance mass spectrometry'

The Warwick Science Lecture

The Warwick Science Lecture 2016 Wednesday 7 December 7:30 p.m. The Warwick School, Noke Drive, Redhill "Looking for Life on Mars" Professor Andrew Coates Mullard Space Science Laboratory, UCL This event is free, everyone welcome -No need to book, please just turn up. Suitable for all ages (primary student to adult). Parking available on site.

The Warwick Science Lecture

Scientists from the University of Warwick leave their labs to entertain and amaze audiences with experiments and real life science that open a window onto some of the world class research happening here on campus. Be warned, these evenings involve audience participation, head scratching, explosions and usually quite a lot of mess!

The Warwick Christmas Lectures: Pop, Fizz, Bang

The Royal Institution Christmas Lectures are a series of lectures on a single topic each, which have been held at the Royal Institution in London each year since 1825, missing 1939-42 because of the Second World War. The lectures present scientific subjects to a general audience, including young people, in an informative and entertaining manner.
